# Standing up for Animal Welfare

As a Westphalian family-run firm, we know what we want!

We are proud to announce that we continually and demonstrably improve the standards of livestock husbandry in the conventional keeping of productive livestock. We are able to support the livestock's welfare, due to our choice of suppliers and our constant supervision.

## Especially important are:

- ✓ Independent controls of husbandry conditions
- ✓ Short routes of transportation of the animals
- ✓ Safe slaughter, monitored by camera
- ✓ Constant improvement of the animals' health
- ✓ Monitoring medication

All of our meat suppliers are visited, audited and evaluated by us personally.

- For instance, in cooperation with our suppliers we already managed to decrease the time any living animal has to be transported.
- This subsequently means that the majority of the pigs, which we debone in-house, are only transported alive for 60 km.

# More animal welfare ...

- ✓ more space
- ✓ more manipulable material
- ✓ more controls

# Gyros skewers

## Very simply skewered

Fried until crisp and deliciously aromatic – there is something highly authentic about meat skewers. Gyros has long found its natural place in German cuisine. We take heed of this with our classic gyros rotisseries made with succulent pork, for small and large requirements from 3 to 20 kilogrammes.

# Meat strips – allrounder

Tender, tasty, versatile

Tastes like homemade! With these strips you can make pasta, wraps and also good pizza. Delicately aged beef topside or fresh chicken is lightly seasoned. Due to the fresh cutting and subsequent roasting, the strips have a great flavour and classic appearance. Roasted to the point and smelling deliciously they are IQF frosted. Calculation-safe in 2.5 kg bags, the strips bring out all their flavour and great texture during preparation.

# Light cuisine

Intolerances to specific foodstuffs can occur whether in healthy persons or those with a digestive illness. This calls for a light balanced diet which differs from a normal balanced diet in terms of excluding foodstuffs or dishes that often trigger intolerances. It is also distinguished – despite these restrictions – by premium taste!

## Schnitzel

Simply excellent and irreplaceable

### A classic with a satisfaction guarantee

To say schnitzel is to mean good meat. Pork loin, topside and turkey are all highly versatile. We turn them into schnitzel and cordon bleu, cooked or uncooked, but always in a crispy coating and with the finest seasonings. Titbits are perfect for those who like to snack, while a half pounder will satisfy anyone who is really hungry. Hot or cold, gratinated, au gratin or with fantastic sauces, schnitzel leaves plenty of space for creativity in the kitchen.

## Turkey schnitzel and cordon bleu

Tastily breaded, safely served

Whether as schnitzel or turkey cordon bleu – it can be used anywhere: in school catering, day-care facilities for children, canteens, hospitals and, of course, catering. The turkey on its own or in combination with turkey ham and Gouda cheese that is free of E-numbers is a welcome alternative to conventional pork schnitzels and cordon bleus. Individually removable, quickly prepared and served – treat yourself and your guests to this savoury delight.

# "Marienfeld" Schnitzel

## Cut to a thumb's width

Fresh and succulent topside pork, cut on-site to include plenty of meat! This is one of the reason why it tastes homemade. The tasty "homemade" breadcrumb coating turns beautifully crispy when cooked. Well seasoned and of course without any E-numbers! No seasoning, palm fat or artificial flavours whatsoever. Available fried or uncooked, but always shock frozen and individually removable. With side dishes and sauces or gratinated: the bestseller on any menu!
